This wasn't how Clara imagined her summer holiday! She's on her aunt's houseboat with best friend Melanie, Melanie's boyfriend Alex and his friend Dave – but just as they are all settling in, the corpse of a girl floats by. They inform the police but decide to go ahead with the holiday – with disastrous consequences. Shortly afterwards, Melanie disappears. When the rest of the group set out to search for her, Clara loses the boys. In her distress, she turns to Ronny from the neighbouring boat for help. But Clara doesn't know that Ronny is an escaped psychopath who targets young girls...
